

RAILROAD WORK AT LYNCHBURG

Three Roads to Spend Large Sums
in and Around That
City.

TWO BELT LINES TO BUILD

Large Building Contracts That
Will Make a Busy
Summer.

(Special to The Times-Dispatch.)
LYNCHBURG, VA., March 24.—Lynchburg will be the center during the present year of railway construction that will cost the three railways entering here many hundreds of thousands of dollars before the work already outlined will have been completed. When this work is done all three of the roads will have much better facilities for handling their heavy freight business through the city than they enjoy at the present time.

The Norfolk & Western and Southern will construct belt lines around the city to avoid the heavy grades through the city and the heavy congestion in the restricted yard in the lower portion of town. The C. & O. is already engaged in double tracking its main line from the junction with the Southern above Lynchburg to Tyroes, some miles east of the city.

In addition to this the Southern is engaged in building a warehouse for the reception of out going freight, which will be upwards of 500 feet long. The C. & O. has just completed an auxiliary yard in "Bandy Hook," which has a capacity of 300 cars, and this will be increased at once to 600 cars, and the freight station, now 300 feet in length, will be doubled in the early spring.

The belt line of the Southern will be about ten miles in length, and including the bridge over the James River and several tunnels that will be necessary, it is estimated that this will cost that company upwards of a million dollars.

The bulk of the Norfolk & Western will be twenty-two miles in length, about three miles shorter than the present route, the cost of which has never been made public.

The result of this work, in addition to that contemplated and already under way by the Tidewater in Campbell and Bedford counties, is making wages for skilled labor soar in Lynchburg, many local contractors expecting to be compelled to pay as much as \$1.75 a day for this class of labor before the building season of 1906 is over. Indeed, already a man with a pick and shovel is able to command \$1.50 for ten hours work.

The indications are that this summer will be the busiest Lynchburg has ever seen in building operations, as the contractors are already booking contracts sufficient to keep them busy until the coming of cold weather.

The work of erecting an additional dormitory with capacity for 100 additional students at the Randolph-Macon "Woman's College" has been started. This building will cost \$40,000. The two shoe factories of the Craddock-Terry Company and one each already under way by the George D. Witt Company and the Smith-Briscoe Company, respectively, will cost, together with their equipment, about \$40,000.

The \$75,000 Y. M. C. A. building is going up and should be completed late in the summer. The \$40,000 Jones Memorial Library will be ready for use early in the summer. The Kinler-Montgomery Company has let the contract for an eight story building for its large china and queens ware jobbing house.

The congregation of the Lutheran Church is to erect a building costing \$12,000 or \$15,000. The Virginia Christian College is making an earnest effort looking to the erection of a brick dormitory for boys this year that will cost upwards of \$30,000, while numerous costly residences and a still larger number of smaller homes for rent will, it is believed, bring the building operations in excess of what they were last year, when about \$1,300,000 was expended for new buildings.

PEOPLE IN AUGUSTA

(Special to The Times-Dispatch.)
ST. ARTS, VA., March 24.—Mr. J. H. Rankin and family have gone to Idaho, where they will make their future home. The congregation of Mount Vernon is making quite a number of improvements to the church. They will remodel the interior and furnish new pews.

Mr. James Sneed to-day, while attempting to jump from a moving freight train at Bland, fell and broke his arm. He was brought home, and is resting very well.

Mr. John Johnston had his house and furniture destroyed Sunday by fire. The origin of the fire is not known. There was no insurance.

Mr. B. E. Watson's sale of thoroughbred Berkshires was well attended, and stock brought good prices.

Uric Acid Gravel

IS CAUSED BY THE KIDNEYS BEING UNABLE TO CARRY THE POISONOUS WASTE MATTERS OUT OF THE BLOOD.

The urine of persons suffering from uric acid of gravel is generally scanty, and after it has stood a while, a reddish sediment like brick dust forms in it. In advanced stages the uric acid sometimes appears as fine sand, or large crystals. Those who pass gravel in any considerable quantity usually trouble with inflammation of the kidneys, bladder and urinary organs, sour stomach, indigestion, heartburn, gout and rheumatism.

CURED BY WARNER'S SAFE CURE

"I have used Safe Cure for chills caused by uric acid poison in my system and I have been perfectly cured. It has done for me what I have never known any other medicine to do. It cures people in the South who suffer much from malaria, which always affects the kidneys. If all the doctors would prescribe Safe Cure instead of quinine for cases of malaria there would be less bad after effects, as quinine does not remove the disease from the system like Safe Cure. I take Safe Pills when I need a gentle laxative."—Mrs. M. E. DEAN, Treas. Lotus Club, Chattanooga, Tenn.

THIS TEST WILL TELL

Put some urine in a glass or bottle. After it has stood 24 hours, if it is cloudy, or contains a reddish sediment, or if particles float about in it your kidneys are diseased and unable to do their work, and if not attended to at once Bright's Disease, diabetes, rheumatism, gout, uric acid, inflammation of the bladder, gall-stones or urinary troubles will develop and prove fatal in a short time.

Safe Cure is the only absolutely safe and certain cure for all these forms of kidney, liver and bladder disease. It is purely vegetable, free from harmful drugs, found in many so-called kidney cures, contains no opium and is pleasant to take.

For sale at all drug stores, or direct, 50c and \$1.00 a bottle.

ANALYSIS FREE.

If after making this test you have any doubt as to the development of the disease in your system, send a sample of your urine to the Medical Department, WARNER'S SAFE CURE CO., ROCHESTER, N. Y., and our doctors will analyze it and send you a report, with advice and medical booklet, free.

REFUSE SUBSTITUTES AND IMITATIONS

They are worthless and very often exceedingly dangerous. Ask for Warner's Safe Cure; it will cure you.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

TWO ACQUITTALS IN COURT OF AMELIA

A Great Crowd and Much Interest in the Tobacco Association.

(Special to The Times-Dispatch.)

AMELIA, VA., March 24.—After two whole days, with crowded court and keen interest, the jury to-day night after a very short consideration returned a verdict of not guilty in the case of Caroline Lipscomb, charged with the poisoning of her husband in September last.

Asa Wells and Beattie Harris, charged as accessories to the crime, were ordered to appear in court Monday morning.

The crowd at court was the largest for months.

The case of Henry Miller, a colored boy, charged with shooting and killing another negro, named Anderson, on December last, occupied the first day of the term, and resulted in the acquittal of Miller.

Mr. E. T. Bondurant, of Prince Edward, chairman and manager of the Virginia Tobacco Association, addressed a very large crowd of interested citizens, showing the purpose and work of the tobacco association.

Mr. Henry M. Vaughan, of Richmond, one of the contractors in the priory at Chula, was among the farmers explaining the system and its advantages.

In Farmville the deliveries have been so heavy the large brick privies have been filled to overflowing and the leaf tobacco is now being all sent to Lynchburg to be prized.

The National Executive Committee of Board of Directors of the American Society is called to meet in Indianapolis April 24.

The board is made up of members representing the different sections. The director from Virginia is C. N. Stacy, of Amelia.

REFUSES TO BE PARTY TO NEW BOND SUIT

(By Associated Press.)
DETROIT, MICH., March 24.—A Free Press special from Lansing, Mich., says: Governor Wm. D. Crissman has refused to be a party to a new bond suit.

The Michigan State bonds, known as the North Carolina Bondholders' Committee, declining a proffered donation to the State of Michigan of North Carolina State bonds.

Governor Wm. D. Crissman has been so heavy the large brick privies have been filled to overflowing and the leaf tobacco is now being all sent to Lynchburg to be prized.

The Michigan legislature in 1901 passed a bill authorizing the State authorities to receive gifts of bonds and empowering the attorney-general to commence suit to collect on such bonds which payment was contested.

THE LONG AND THE SHORT OF IT.

Drum Major Roderick Bane McKinsie, of the famous "Kitties" Band, and Mr. Joseph M. Eberly, the popular and efficient manager of the Western Union Telegraph office at South Boston, Va.

Roderick Bane McKinsie, major of the Kitties Concert Band, with headquarters at Belleville, Canada, is seven feet nine inches tall, was born in Scotland, but has traveled all over the world. His weight is 335 pounds. His Majesty of Germany presented him with a thousand-dollar diamond. He has also appeared before all the crown heads of Europe. He visited South Boston a short while ago and had his picture taken with Mr. Joseph M. Eberly, of that town, who is exactly four feet in height and weighs only 115 pounds. Mr. Eberly was born and raised in Shenandoah county but lived in Fairfax and other counties for a number of years. He has been telegraphing twenty-five years and is at present the manager of the Western Union Telegraph office at this place, and is indeed congenial, energetic and popular.

A NEARLY-ALL NIGHT SESSION

Magistrate Sparks Withholds His
Decision in the Norris
Case.

EVIDENCE CIRCUMSTANTIAL

Norris Has Suits Pending for the
Policy and for Dam-
ages.

(Special to The Times-Dispatch.)

RALEIGH, N. C., March 24.—Magistrate Charles A. Sparks announces that he will not decide whether to bind over to the Superior Court M. T. Norris, well known merchant here on the charge of arson or not until Monday at noon, by which time he will have had time to read over the evidence again as taken down by the stenographer. This has just been written out and makes 150 pages typewritten.

There came near being an all-night session last night to complete the hearing and argument, the latter having continued until after 2 o'clock this morning.

The evidence presented against Norris by the State insurance commissioner is so entirely circumstantial and susceptible of honest and "criminal intent" motives on the part of Norris that there is no surprise that the magistrate is puzzled to know whether it is worth while to bind Norris over or not. Few, if any, think the evidence thus far would convict before a jury; if it would even justify carrying the case to the higher court at all for trial.

The charge against Norris is burning an unoccupied farm house that his wife might get \$500 insurance from North Carolina Home Insurance Company.

Mrs. Norris has suits pending against

the Home Company for the policy and for \$500 damages for charging her with being privy to the burning.

Public Art Education.

Mr. Henry Turner Bailey, supervisor of drawing for the State of Massachusetts, will lecture on "Public Art Culture" in the Y. M. C. A. hall on Thursday, April 5th, under the auspices of the Richmond Educational Association. The lecture will be without charge to the public, and will be of intense interest, not only to school teachers and educators, but also to the general public. Mr. Bailey will use a stereopticon to illustrate his theme, "The Monticello State" has this to say of Mr. Bailey:

"Mr. Bailey is one of the wholesome men of the earth, a born teacher, with enough of the art of the public speaker to bring out in bold relief each point that he wishes to make. He is an interpreter of art in nature and nature in art, and of the beauty in both. Like all good teachers, Mr. Bailey is a man who does not talk to his pupils, but to men and women and children. He makes his audience see what he sees."

SUMMER NORMAL.

Winchester Selected After Lively
Competition.

(Special to The Times-Dispatch.)

WINCHESTER, VA., March 24.—The summer normal school for all public school teachers in the Seventh Congressional District of Virginia, is to be held in Winchester. Some time ago it was decided as to whether the normal would be required for this city, but to-day the county school board appropriated one hundred dollars for expenses, and County Superintendent Maurice M. Lynch announced that the expected appropriation from the city council and from other communities of the Seventh District. The normal meets in July and will remain in session about six weeks. About five hundred teachers will attend.

Winchester was selected after a lively competition.

MAYOR CUTCHIN, OF ROANOKE, OFFENDED

Declares Civic League Nothing
More Than Committee Making
War on Him.

(Special to The Times-Dispatch.)

ROANOKE, VA., March 24.—There was a lively meeting last night of the Civic League. When the constitution of the league was presented, Mayor Joel H. Cutchin declared that section 2, declaring that the league "would resist any effort to uphold violations of laws," was an insult to him, and that the league was nothing more than the ministerial committee of ten that had been making war on him.

Colonel S. S. Brooks, clerk of the courts, also criticized the constitution.

Rev. J. M. Thomas, pastor of Calvary Baptist Church, offered a conservative amendment, which was voted down. Mr. Joseph Struss was elected president of the league and made a speech, in which he intimated that violators of laws were not properly prosecuted in the courts.

EMORY AND HENRY TO COVER CARNEGIE'S OFFER

Financial Agent Appointed to
Raise the Necessary
Amount.

(Special to The Times-Dispatch.)

BRISTOL, TENN., March 24.—Rev. J. O. Straley has been elected financial agent of Emory and Henry College, and will raise within the bounds of Holston Conference Methodist Episcopal Church, South, \$75,000, the amount necessary to make good the proposition of Andrew Carnegie to give \$25,000. The money will be expended for new buildings. The financial agent resides at Wise, Va., but will locate in Bristol.

Agents for Standard Patterns Past Promises Kept Make Future Promises Believed Easter is Just Three Weeks Off.

We Show You in the Store What We Tell You in the Ad.

Easter Offerings Now Ready

TOMORROW, MONDAY, we will turn this great store over to you and your friends, with its marvelous display of the most imposing new spring and summer merchandise ever known in its history. Easter is just a few weeks off, and there is no excuse for any woman in town not to be dressed in the height of fashion on that day, with the extraordinary values we are offering in SUITS, SKIRTS, WAISTS, GLOVES, NECKWEAR, and all other dress requisites. They are selected with taste, and the great variety is simply surprising. Also, new and beautiful assortment of SILKS, DRESS GOODS, EMBROIDERIES, LIGHT COTTON MATERIALS in WHITE and WASH GOODS and LINENS. Everything is marked at the LOWEST POSSIBLE PRICE to insure the success of this special event.

Easter Dress Goods

By the most liberal of methods and measures, our Dress Goods Department has reached the pinnacle of popularity. With a master effort on our part, we will start to-morrow morning, and continue all through the week, a special sale that eclipses any effort we have ever made. If the prices attached to the fabrics and the vast assortment are to be taken as a criterion, it will provide this store with selling that will surpass all records. No "has-beens" or possible "will be's" represented. This stock is spick and span, and as new as the day.

Cream Dress Goods for Easter Selling

Cream Battiste, 30c and 40c.
Cream Voles, 35c, 39c, 45c, 50c, 55c, 60c.
Cream Albatross, 30c and 40c.
Cream Mohair, 39c, 45c, 50c, 55c, 60c.
Cream Broadcloth at \$1.25.
Cream Henriettes, 20c, 45c, 50c, 60c.
Cream Bedford Cord, 20c, 45c, 50c, 55c, 60c.

Grey Dress Goods for Easter Selling

Gray Crash, in plain and check, 25c, 30c, 45c, 50c, 55c, 60c.
Gray Panamas, 39c, 45c, 50c.
Gray Battiste, 30c and 40c.
Gray Voles, 25c, 30c, 45c, 50c, 55c, 60c.
Gray Mohair, 25c, 30c, 45c, 50c, 55c, 60c.

Easter Silk Sale

All of these Silks are of standard qualities, and the surest way of proving qualities is by comparison. Take the so-called "same thing" and put it side by side with ours. If our quality is the same, the price is lower; if the price is the same, the quality is higher. The whole lot does not contain one undesirable weave, and this makes this Special Easter Offering all the more remarkable.

Taffeta, in cream and other colors, 50c value, 30c.
Radium Silk, cream, pink and violet, at 40c.
Fairline, Checked and Striped Taffeta, on cream ground, at 75c.

Cream Habutal, great values, at 25c, 30c, 45c and 50c.
Cream Habutal, 36 inches wide, 39c, 45c, 50c and 75c.
Black Taffeta, 36 inches wide; these are the best values ever shown, 60c, 80c, 95c, \$1.25 and \$1.45.

Spring and Easter Apparel

On Second Floor

We do not ask you to buy, but we do appreciate an inspection, and we beg leave to suggest an early visit, as the fascinating attractions can't last long. This is a truly representative selection for spring and summer of 1906. The prices are convincing, and each purchase will represent a big saving.

Fine Lawn Shirt Waists at 45c, 75c, 95c and \$1.45.
Lace and Net Waists; these are exceptional, at \$4.95 and \$5.95.
A great special in a Gray Suit, Eton and Pony effect, satin lined, \$11.00.
Infants' Muslin Caps, 25c and 45c.

Jap Silk Waist, at \$2.25, \$3.95 and \$4.95.
New Cream Skirts, very fine, \$4.00, \$6.45 and \$9.95.
Children's Coats; some are self trimmed, others blue trimmed, 95c.
Children's Dresses, long and short, from 25c up to \$4.95.

Millinery--Second Floor

Ours is an impressive collection, which affords the original models conceived by the foremost foreign masters and clever adaptations of their styles, together with the creative efforts of our own organization of designers.

New Easter Ribbons

These are the most attractive offerings we have ever shown. They consist of Persian Patterns, Fine Taffeta, Satin Taffeta; also, black and white stripes.

New Persian patterns, at 25c and 45c. Black and white, 25c.
Satin Taffeta for 15c, 10c, 25c and 20c.

Plain Taffeta, special values are offered, at 10c and 25c.
Splendid assortment of colored Velvet Ribbons.

Another Big Drive in

Embroideries

These prices and qualities will be the most pleasant surprise you have ever had, and each new arrival in this department adds to this wonderful aggregation newer values.

Linen Suiting, fine quality, soft finish, full yard wide, and could not be duplicated for 25c
Tuck Towels, all pure linen, hemstitched and worth 25c, for 19c

Faulkner & Warriner Co.

Broad and First Streets

Say "Yes"

To This Offer and See the Good You Will Get.

Write us if you are ready to try Liquezone. Let us buy the first bottle for you. Let the product itself prove the good it can do.

You who are waiting don't know what you miss. There are plenty to tell you if you would ask; for millions have already used it. Some use it to get well; some to keep well. Some to cure germ diseases; some as a tonic. You will use it as they do, when you learn what the product does. And you will then regret that you delayed so long.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases, by a process requiring large apparatus, and from 8 to 14 days' time. No alcohol, no narcotics are in it. Chemists of the highest class direct the making. The result is to obtain from these harmless gases a powerful tonic-germicide.

The great value of Liquezone lies in the fact that it is deadly to germs, yet harmless to you. Germs are of vegetable origin; and this gas-made product, when absorbed by them, stops their activities. We publish an offer of \$1,000 for a disease germ that it cannot kill. But to the body Liquezone is exhilarating, vitalizing, purifying. It is helpful in the extreme.

That is its main distinction. Common germicides are poisons when taken internally. That is why medicine proves so nearly helpless in a germ disease. Liquezone is a tonic.

We Paid \$100,000

For the American rights to Liquezone, after hundreds of tests had been made with it. After its power had been demonstrated, again and again, in the most difficult germ diseases. Then we spent, in two years, more than ten times that sum to let others test it at our expense. The result is that millions of people, scattered everywhere, have shared in the benefits of this invention.

We make the same offer to you. We ask you to prove, at our cost, how this product means to you. Let Liquezone itself show how wrong it is to suffer from a trouble that it cures.

Germ Diseases

Most of our sicknesses has, in late years, been caused by germ attacks. The list of known germ diseases now numbers about one hundred.

Some germs—as in skin troubles—directly attack the tissues. Some breathe toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Cholera—create inflammation; some cause indigestion. Directly or indirectly, nearly every serious ailment is a germ result. Such diseases call for

Liquezone—not drugs, which can't kill germs.

Every germ attack, no matter what its symptoms, calls for a germicide. The mildness of Liquezone makes some of its results seem almost incredible. But, in that mildness lies the power that germ diseases need. And diseases which have resisted medicine for years often yield at once to it.

50c Bottle Free

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you to let the product itself show you what it can do. In justice to yourself, please accept it to-day, for it places you under no obligations whatever.

Liquezone costs 50c and \$1.

CUT OUT THIS COUPON

Fill it out and mail it to The Liquezone Company, 468-469 Wabash Ave., Chicago.

My disease is

I have never tried Liquezone, but if you will supply me a 50c bottle free I will take it.

Give full name—street address—city—state—zip

Note that this offer applies to new users only. Any previous or hospital use yet using Liquezone will be gladly supplied for a sale.
